

Weekly Schedule

This schedule is subject to changes, and it will be added-to as the semester goes on. See the public course webpage

bueler.github.io/numerical/

for *Homework*, *Project*, and *Exam* details, and the link to the Canvas site. Note the two *deadlines* below. Tentative timings for starting each Chapter from the textbook (Greenbaum & Chartier) are in black. Classes are MWF 10:30–11:30 am, Chapman 106.
